More About Zooming

The History Controller contains zooming controls to provide a means of viewing the document. The zooming controls allow the user to view the document at various magnifications or levels of detail. The zooming controls are located in the History Controller window.

The zooming controls can be applied to any view that has significant information in a document. The zooming controls are located in the History Controller window. The zooming controls are located in the History Controller window.

Many types of data have zooming controls that would be appropriate to control with zooming. These data types include, but are not limited to, text, graphics, and tables. The zooming controls are located in the History Controller window.

Zooming can also be used to zoom in on a specific portion of the document. By using the zooming controls, the user can zoom in on a specific portion of the document. The zooming controls are located in the History Controller window.
